COMPANY OVERVIEW

About Us

PT. Kinan Cahaya Dialis is a company that specializes as a provider of hemodialysis machines and consumable supplies.

With over 13 years of experience in facilitating and supplying various needs for hemodialysis, PT. Kinan Cahaya Dialis is committed to helping healthcare institutions (hospitals, clinics) provide the best services to dialysis patients.

ABOUT KCD

Vision

Becoming the most comprehensive hemodialysis equipment distributor in Indonesia.

Mission

- Providing hemodialysis ecosystem solutions.
- Supporting the quality of life for dialysis patients.
- Building dynamic synergy with stakeholders.

Values

Kolaborasi, **I**ntegritas, **A**ku**N**tabel

- Collaboration – Working together with partners and customers to achieve the best results.
- Integrity – Upholding honesty and ethics in all actions.
- Accountability – Taking responsibility for every decision and action.

SERVICES

- ☑ Hemodialysis Machine Sales – Providing advanced, energy-efficient, and user-friendly hemodialysis machines.
- ☑ Consumables Sales – Meeting the needs for consumable supplies for hemodialysis.
- ☑ Home Care Dialysis – Providing in-home dialysis care services.
- ☑ Sales Through E-Catalogue – Simplifying purchases through an official digital platform.
- ☑ Medical Equipment Calibration & Maintenance – Providing high-standard maintenance and calibration services for medical equipment.

CONCEPT OF OPERATIONAL COLLABORATION WITH HOSPITALS

PT Kinan Cahaya Dialis offers an Operational Collaboration (KSO) scheme for hospitals and clinics with various benefits:

- Profit Sharing System – Providing financial flexibility through a transparent and mutually beneficial profit-sharing scheme.
- Consumables Supply – PT Kinan Cahaya Dialis supplies consumables for hemodialysis units in hospitals.
- Hemodialysis Unit Development Support – Including equipment maintenance, RO equipment, and water quality testing every six months.
- Medical Staff Training Support – Providing registration, training, and certification support for healthcare personnel handling hemodialysis care.
- Administrative and Technical Personnel – Supplying the expert personnel needed by hospitals to operate hemodialysis units.
